

## Big Petition Presented to City Trustees for Better Streets

REGULAR SEPTEMBER MEETING MARKED BY INTEREST OF SONOMA'S CITIZENS AND TAX-PAYERS IN BETTER THOROUGHFARES. OTHER BUSINESS.

The city trustees met Wednesday on the McElroy building on Napa night, the regular September meeting.

A delegation from the Sonoma Woman's Club of which Mrs. Emparbig petition, signed by tax-payers and citizens asking the trustees to take immediate steps to determine the cost and best method of supplying Sonoma with permanent street improvements in order that we may be ready for the connection with state and county highways for which money has already been provided. President F. M. Burris of the Sonoma Valley Bank sponsored the petition and declares there was great eagerness on the part of everyone to sign and an unmistakable sentiment for bonding the town for sufficient money to make the improvements. Immediately upon the presentation of the petition, Trustee Breitenbach moved that it be placed on file and that five of the largest tax-payers be called into conference with the Board to discuss the proposition. Mayor Dal Poggetto evidently believing that a committee of citizens with progressive ideas and knowledge of finance would be preferable, appointed representatives of Sonoma's banks, Messrs Burris and Batto, F. T. Duhring, a big tax-payer and the Sonoma press, Messrs Watters and Murphy. These gentlemen will meet with the City Trustees next Wednesday evening to take up the matter of determining the cost, most desirable route and means of providing for the new type streets which will mean a new era in Sonoma's development.

A permit was granted to Jos. B. Small to put a corrugated iron roof

Mr. and Mrs. H. F. Bates and Dr. and Mrs. Frank Phillips left last week on a motor trip to Eureka. Henry was at the wheel of the car and Doc was busy with glad hands. The two substantial citizens of Sonoma County carried greetings to the Supervisors of Humboldt and a grizzly bear feast was served in their honor. While in Eureka they met Henry Hartin, former Sonoma resident.

## ATTENDANCE AT SCHOOL GOOD

Over 200 at Sonoma's Grammar School With More to Come. High School Students Enrollment Over 100.

Tuesday, the opening day for Sonoma's schools was marked by a goodly attendance and the enrollments were even above expectations on account of this being the height of the harvest season with many children working in the fruit. For this reason, many more are expected to come in but already about 210 are enrolled at the Grammar school and the High school attendance will reach the 100 mark.

As always at this school year's beginning, the tiny first graders, new entrants at the Grammar school, were of particular interest to both teachers and parents and the more advanced pupils. This year's quota of little ones was about 35 and they were a cute lot. The first day's discipline affected each one differently, but Miss Minnie Cook, the patient primary teacher, now believes she has each one's temperament pretty well analyzed and as a result, the school room is running beautifully. The kiddies are of all sorts and descriptions, the curly heads, the Dutch cuts, the pompadours, the cut-ups and the sombers, the mischievous blondies and the dark-eyed thoughtfals. They are all there, little citizens in the making. In addition there are the promoted and upper classes, all forging ahead in our splendid Grammar school under capable and efficient guidance.

Among the new first grade pupils are: August Sebastiani, Remo Farnocchi, Ralph Downie, Romeo Cantoni, John Mohr, Austin Stillings, Andrew Barrochi, Emil Cornelius, Ernest Dunbar, Preston Hotz, Billy Clewe, Marcel Ferrari, Brownie Minelli, Charles Rose, Aldo Molinari, Norma and Gilda Bertellotti, Evelyn Weyl, Henrietta Reutto, Francis Barr Oleta Whittier, Francis Whittier, Gladys Kresge, Louise Kennell, Florence Robin, Elizabeth Tucker, Maxine Hunter, Genilda Bernard, Josie Bassi, Amelia Benedetti.

The High School has 32 new pupils this term, of whom 22 are boys. There are classes in elementary sewing, advanced sewing and cooking, freehand drawing, mechanical drawing, farm mechanics, farm project, animal husbandry, general science, chemistry, biology, typing, book

## RULING MADE IN WATER MATTER

Railroad Commission Orders Geo. L. Payne to Install Tank and Supply Customers of S. V. W. L. & Power Company.

The Railroad Commission has fixed the responsibility in the Sonoma Valley Water, Light & Power Company water shortage and has instructed Geo. L. Payne, who came into the utility through foreclosure proceedings, to immediately begin the erection of a 25000 gallon tank, to rehabilitate the company's pumping plant and "do all other things necessary to furnish an adequate water supply."

While the ruling seems to mean redress for suffering El Verano customers, the interruption of service has resulted in the loss of the 25 customers heretofore served in Sonoma, so it appears that Payne faces a hard proposition financially as well as from an engineering standpoint. Water is pumped from an artesian well here in Sonoma to the tank at El Verano. It is also claimed by W. Chester, superintendent, that the reservoir is to be deepened and a concrete bottom put in, in order to impound more water from the creek flow during the rainy season.

## SEBASTIANI STARTS UP HIS BIG CANNERY FOR SEASON

Sam Sebastiani has his fine big cannery in operation for the season. Already fifty women are at work on the string bean pack and in the canning of tomatoes. The tomato crop is fast ripening and work on tomatoes began yesterday.

The starting up of the Sebastiani cannery marks the beginning of busy and prosperous weeks in Sonoma Valley.

## YOUNG PEOPLE WED

A marriage license was issued this week in S. F. to Miss Lenora M. de Martini, daughter of Mr. and Mrs. Frank de Martini of Sonoma, and to Chas. E. Baeigalupi. The young man holds a responsible position with the Standard Oil Company.

keeping and stenography beside the regular courses of study provided in the curriculum.

There are ten seniors in High School this year which means a good graduating class in 1920.

## THE REBEKAHS GIVE BENEFIT

Annual Event For Orphans Home Under Auspices of Verdant Degree Lodge September 25th.

Verdant Degree Rebekahs Lodge of Sonoma is to give the annual benefit for the Orphans Home, at Odd Fellows Hall, Thursday evening, September 25th. There will be a good program of song and recitation, and a beautiful display of fancy work which will be sold for the good cause. Refreshments will also be on sale and a substantial sum will undoubtedly be realized for the orphan children for whom the Lodge provides and maintain at their splendid Home in Gilroy.

## SOLEMN HIGH REQUIEM MASS FOR LATE PRIEST

On Wednesday, a solemn high requiem mass (Month's Mind) was solemnized at St. Francis church in honor of the late Rev. T. P. Moran, former pastor of the parish. Many prominent clergymen were here for the impressive ceremony. Rev. Father Byrne celebrated the Mass, assisted by Rev. Father Land of San Jose, Della Hunt of Modesto and Murphy of Oakland. Other priests in the sanctuary were Rev. Father Cantillon of Napa, Kiely of Petaluma, Kelly, of Petaluma, Cassin of Santa Rosa, McGrattan of Santa Rosa, Bandini of Cloverdale, Andreotti of Healdsburg, Samson of Oakland, Heeneghn of Oakland, Griffin of Richmond, McLaughlin of Richmond, Lacey of Piedmont, O'Malley of Pleasanton, Harnett of San Francisco and Ryan of Fruitvale.

## HAD UPPER AND LOWER BERTHS IN FORD PULLMAN

Theo. Keiser, Ray and James Gottenberg, chaperoned by Paul Robin, motored to the Geysers Sunday returning to San Rafael Sunday night where they planned to register at a leading hotel. Having no reservations they were out of luck and the quartette had to content themselves with a Pullman sleeper in their Ford car. The following morning they rode over to Fort Baker where they viewed the inspiring spectacle of the fleet's arrival.

## Harvest Carnival Planned by Club Women and Students Oct. 3-4

IS SUBSTITUTE FOR AGRICULTURAL FAIR THIS YEAR. PROMISES TO BRING OUT FINE DISPLAY OF PRODUCTS AND FURNISH LOTS OF FUN. JOYLAND AND CONCESSIONS, ATHLETICS, DANCING AND MATINEES ARE FEATURES

A Harvest Carnival will be held this year instead of the Agricultural Fair at the High School. The Sonoma Valley Women's Club and the students are to combine on two big days and nights, Friday, October 3rd and Saturday, October 4th.

It will be the aim of the committee in charge of the exhibits to get Sonoma Valley's finest products on display and valuable premiums to be announced later in this newspaper will be an added inducement to community pride to offer our best in the agricultural and other lines. Anyone who will exhibit their produce and will offer to display it should communicate with Mrs. C. Burlingame, chairman of the exhibit committee.

The harvest carnival with its exhibition tent and the concessions will be held on the Women's Club House street and adjacent grounds. Entrance will be through Joyland, where booths for refreshments and amusement will be erected. There are to be two matinees, the produce display opening at 2 o'clock, Friday, and the cabaret tea matinee in the clubhouse to be later in the afternoon. On Saturday afternoon there will also be a matinee. Tea will be served by Mrs.

Al Stein and a bevy of pretty aides. Friday night street dancing and a confetti battle will be the attraction in Joyland.

Saturday night a carnival ball in the clubhouse will wind up the festivities. Wilsons Jazz Orchestra of Boyes Springs has been engaged to furnish the music. Mrs. A. W. Adler is chairman of the carnival ball committee and matinees.

Athletics and contests between the schools of the valley and the great trophy contest for the silver cup given last year by the Native Sons, for the best district produce display will widen the interest in the harvest carnival days and should bring out an unprecedented crowd both afternoons and evenings.

The city trustees have granted permission for the use of the street and will aid in making the illuminations a big feature for the two nights.

# THE PERFECTION MILKER

Milks Nature's Way and It Is Hard To Improve On Nature  
Cows Like The Perfection Because It Milks Like Their Own Calves

Milks like the Calf.

**A** MILKER THAT CAN FAITHFULLY REPRODUCE THESE ACTIONS IS MORE THAN A MERE MACHINE, IT IS A REAL MILKER. THE PERFECTION reproduces these actions faithfully; first a gentle suction, scientifically controlled, then the spiral downward squeeze, followed by a complete release. This principle is used on Perfection Milkers exclusively, and is protected by the manufacturer's patent. The Perfection Milker is therefore safe, because nature's way is safe. When a calf milks a cow, whether the cow is a Fard or an easy milker, the calf sucks **JUST HARD ENOUGH**. The Perfection is the only machine which can be adjusted to suit all conditions, and to suck **JUST HARD ENOUGH**. The Perfection is mechanically right and is manufactured by the largest and oldest exclusive milking machine factory in the world. Every part is the best that specialists, using the highest grade of materials and machines, can produce. The Perfection is so simple and easy to operate that boys and girls everywhere are handling them and take enjoyment in the work.

The Perfection draws the milk in Nature's Way.  
The Perfection draws the milk with less vacuum.  
The Perfection is the simplest in construction.  
The Perfection is the most durable.  
The Perfection will cost less to keep in repairs.

The Perfection, properly handled, guarantees the user as good and in most cases, better returns than hand milking.  
The Perfection gives the farmer better value for his money than he can get in any other milking machine and the price is within the reach of every dairyman.

Over 90 satisfied dairymen using the Perfection Milkers in our vicinity. We would be pleased to send our agent to give you an estimate cost of installation.

## Sonoma People Want Better Streets for Town

A PETITION widely circulated and signed in Sonoma this week proves that Sonoma residents, many of them big tax-payers, want better streets for their home town. They presented a petition Wednesday night to the city trustees asking that immediate steps be taken to provide a plan of permanent street improvement and the formulation of a definite proposition whereby Sonoma may put in this much to be desired and essential improvement. Our people are convinced and determined to get in line with progressive towns so that Sonoma may get its share of the auto travel and the town may be made an attractive and desirable center of trade. With the coming of highways, as planned by both state and county on either side of us, it is imperative that we improve and make our street improvement uniform with the permanent concrete type of roads on the outskirts.

The people seem convinced that this improvement for Sonoma should be made possible by a bond issue for the amount required and we feel confident that if a good plan is mapped out by a competent authority on road building and the cost is anywhere within reason (everyone realizes that concrete roads cost money, but in the end are the only kind) that a bond issue will carry by a handsome majority.

The means whereby Sonoma may come into line streets must be submitted to the voters by the city fathers and we feel confident that the people will do the rest. With our main streets permanently improved, much money now spent by the street committee for general street work will be released for the less traveled thoroughfares so that even the side streets can be kept in good repair.

## The Problem of New Labor Transfusion

Says Arthur Brisbane in the Chicago Herald-Examiner.

IN ONE DAY recently 4,000 Italian workers went home on board three ships, taking \$8,000,000 with them. They earned the eight millions by good work; may they enjoy it.

Their departure adds interest to the suggestion that all immigration be shut out of the United States.

Skilled mechanics and their trade unions are most anxious to stop immigration. This question might interest them. If you don't have men to dig foundations, work that you won't do, how are you to find skilled jobs laying brick, putting up steel, putting in plumbing, etc? The foundation must come first.

If you don't have labor in the coal mines and on the farms, where are industries to get on which your high priced skilled labor depends, and where are you to get food?

Here is another question interesting to the American worker. Every Italian that sailed had at least two thousand dollars in cash with him. Some had five thousand, and some more than ten thousand.

How many American workers in a hundred would have an average of two thousand dollars apiece saved up? And is not saving, in view of unpleasant future possibilities, too much neglected? In your old age it does not matter how much you used to earn. What matters is how much you have saved.

We might add that not only has the foreign born population which we are driving out, been the sinew of the country, but the kind of immigrants we will get to take their places, are likely to be less desirable. When it comes to lowering standards and turning out a second generation, the Japanese and the Hindu are to be reckoned with. As Brisbane points out, we must have men to bear the brunt of hard work. They cannot all be skilled mechanics, wherefore it is too bad that we do not encourage the stay and the coming of the foreigners who have proven their worth.

The Italian immigrant in the past has been thrifty and saving. His pleasures were few and simple. With the restrictions on his personal liberty and the threatened confiscation of business and property in which he was interested, with the elimination of the opportunity to save and be frugal through the high cost of everything to eat and drink, is it any wonder that he turns his back on our shores and goes to the mother country whence he came, likewise the foreigner who has amassed a fortune here and there are many. He is not to be blamed for withdrawing his capital and going away.

There may be some kick coming that he is taking money out of the country, but according to the present day sociological sentiment, the worker has given his best energy to the country, his very life and strength has been infused into the upbuilding of this powerful nation. He has been underpaid and stripped of his best vitality. This he can never get back and perhaps he reckons that after feeding the founts of the United States with his life's blood, he is at least entitled to the fruits of his toil, and as fruits of toil mean more to him than the greenbacks and silver, unconvertible into the necessities and pleasures to which he is accustomed, he goes where that money will have a purchasing power more to his fancy and to his sense of justice. The garbage man, for instance, performs a real service, has a right to the money he earns, much more right to what he saves and like the foreign merchant or banker, is justified in taking his earnings out of any country which menaces investments by overnight, arbitrary legislation and confiscation of property and liberty.

Let the provincial minded American cry out, good riddance, as these aliens leave our shores, but the broader-minded percentage will want to see what is to take the place of these proven friends and valued allies and whether Asiatics and other breeds will raise or lower the vitality of the United States as a world factor.

## JAZZ DANCE BY FAMOUS ORCHESTRA

With plans to inaugurate a series of dances if the first is a success, the famous Wilson orchestra of Boyes Springs, which is one of the finest of the jazz organizations on the Pacific Coast, will give a dance at Union Hall on Saturday night, Sept. 20th. Mr. Wilson's music consists of piano, violin, saxophone, banjo and drums and with the hearty support of our people, we can count on keeping these talented musicians here all winter. Sonoma is lucky to have the opportunity of interesting a high class orchestra, such as this. Remember the date of the first dance, Sept. 20th.

## AL STEIN TO OPEN STATIONERY AND TOY SHOP

Al Stein, the genial salesman for Ottenheimer Brothers of San Francisco and now a Sonoma Valley property owner, has decided to go into business here. He will open a stationery and toy shop and photograph gallery on Napa Street about November first. Mr. Stein has already selected a beautiful assortment of Christmas goods and will conduct an up-to-date business. He is a gentleman of many friends and during the ten years he was with Schwabacher-Frey Co. acquired a thorough knowledge of that line, which makes him an excellent buyer and assures Sonoma of a high class store. Mr. Stein and family and his wife's parents, Mr. and Mrs. Barham, reside on the former Switzer ranch. The Barhams are one of Santa Rosa's old and influential families.

## CARNIVAL MAN SAYS ATTORNEY GIL HALL DREW GUN

City Attorney Gil P. Hall of Feta-huma will face the courts there on complaint of Nathaniel Davis, proprietor of one of the concessions of the carnival company which was lately here. Davis swore to a complaint against Hall Friday.

The city attorney is accused of assault with a deadly weapon with intent to kill, and his alleged offense consists of having drawn a revolver from his pocket during the course of a dispute with Davis.

City Attorney Hall went to the tents to warn the company heads against the actions of certain attaches of the carnival company, and Davis took a hand in the argument. The argument became somewhat heated and Davis alleges that during the little talk the attorney drew a revolver.

## ITALIAN SWISS COLONY OFFERED MOOSE

The big Italian-Swiss Colony vineyard property at Asti has been offered to the Loyal Order of Moose to be used for the Mooseheart Home. Tuesday E. Prati, manager of the colony lands, gave Secretary of Vaughan of the Santa Rosa Chamber of Commerce an option on the property.

It is not stated what the figures are, but as there are 1750 acres covered by the option, it can readily be seen that it must amount into the six figures, when it is considered that the Colony has a number of fine buildings that will be included in the deal, should the sale be consummated.

Frank Prior an attorney of Sacramento has sued Max Hoffman for a \$150 fee for defending him in a federal case last year. Hoffman denies that he retained Prior.

## LUMBER YARD CHANGES HANDS

Clifford A. Bergstrom has sold his lumber business, the Sonoma Valley Lumber Company, to L. P. Kearney, who will conduct both the El Verano and Fetta Springs yards. Fred Boynton is in charge at Fetta and is the book-keeper for Mr. Kearney. Mr. Bergstrom, who returned from France a short time ago where he was in the army, with the Engineers, will go north and engage in business with his brother in Washington.

## MRS. STONIER SUFFERS PAINFUL ACCIDENT

Mrs. James Stonier had the misfortune to break her arm above the wrist while cranking her car in front of the Wells-Fargo office Tuesday. Dr. Hays attended her and found two fractures, which he set. The many friends of the popular matron hope for her speedy recovery.

## PIGS FOR PRIZES AT AGUA CALIENTE

Try your luck at Agua Caliente Springs hotel on Sunday and Admission Day, when whist players and those lucky at the wheel may carry home real live pigs as prizes. At 2:30 Sunday afternoon the fun starts and will be continued in the evening also on Admission Day, Sept. 9th. As "pigs are pigs" and these young porkers are the finest, some \$10 ones, it will be of great interest and enjoyment to everyone.

Refreshments, music and dancing will be on the program for all who attend during the prize contest. adv.

Al Dutil has installed a Century dough mixer in his bakery and will now do this important work by electricity. The dough can now be mixed in 20 minutes and turns out to be the finest kind of bread.

## PETER HANSEN SELLS RANCH

Peter Hansen has sold 62 1-2 acres of his ranch near El Verano to Ben Streeter, the well known dairyman of Petaluma, formerly leasee of the O'Brien ranch. Mr. Streeter's many friends will be pleased to hear that he is to return to Sonoma valley with his wife and pretty baby boy. Mr. and Mrs. Hansen will reside on the remaining portion of their ranch which has a comfortable house and is most desirable. They plan a vacation to their former home in Fresno and will make the trip in their new Oldsmobile car.

## IMPORTANT ROAD ORGANIZATION TO BE EFFECTED TODAY

That the efforts of Sonoma county to set the wheels in motion for great road activity as provided for in the recent State Highway bond issue is to bear fruit will be seen by the following letter from County Clerk W. W. Felt to the local member of the Committee Frank M. Burris appointed by the Supervisors to further the road program in conjunction with the committee of other counties:

Dear Sir: On July 23rd, last, the Board of Supervisors of Sonoma County by resolution invited the Boards of Supervisors of the counties of San Francisco, Marin, Mendocino, Lake, Napa, Solano and Sacramento, to appoint a committee of five from each of their respective counties, which together with a like committee from Sonoma county, were to meet and organize as a Committee of the Whole, representing these counties in an endeavor to secure early construction of the authorized portions of State Highway in the said Counties.

A meeting of the said committee-men from the various counties is to be held in this City on Saturday, September 13th, 1919, at 10:30 o'clock a. m. in the Rooms of the Board of Supervisors, in the Court House, at which meeting permanent organization of the Committee of the Whole will be effected. You having been appointed as one to represent your county in this matter, I am taking this opportunity of urging your attendance here on the 13th, for the possibility of good to be accomplished by this committee is large, and we need you.

Therefore, begin now to arrange your affairs for that day to permit your attendance at this important meeting.

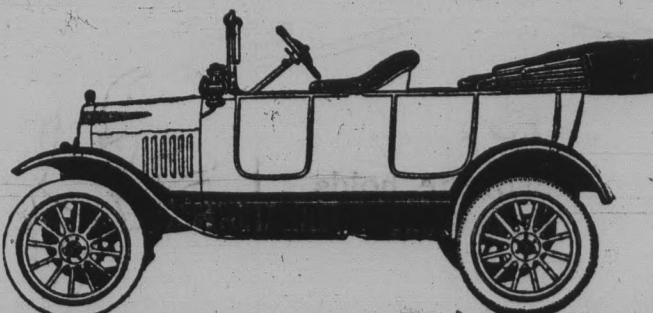

Will you not kindly drop me a line advising of your intention to be present on the 13th.

Very truly yours,  
W. W. Felt, Jr.,  
County Clerk.

## GRAPE GROWERS

### WANT TAX REBATE

San Francisco, Sept. 1.—California wine grape growers and liquor merchants generally will try to collect from the Government a rebate on the income and surplus profits taxes paid during the last three years on the ground that there has been a "substantial decrease in the value of their properties" because of the enactment of the Federal Prohibition Act. Attorneys A. G. Kazebeer and P. B. Hulting, representing the New Piedmont Wine Company, said yesterday.

Kazebeer said he would leave shortly for Washington to present a petition of the wine grape growers to the Internal Revenue Department asking for rebates for California wine men. Kazebeer says the rebates might run into thousands of dollars. In this connection he said:

"The Treasury Department in inaugurating the income tax system made provision for cases where substantial decreases in the value of properties occurred after the payment of the taxes. That wine grape growers and liquor merchants, affected by prohibition, come within this provision there is no doubt.

"The provision of the Treasury Department is perfectly clear and to the point. I cannot see how any other construction can be placed on its promise to refund a portion of the taxes if a substantial decrease in the value of the property taxed occurs. No one will deny that the properties of the liquor people have decreased substantially in value."

If the Treasury Department should refuse to send out forms to be filled in by the grape growers with estimates of the decreases in value of their properties, as will be requested by Kazebeer at Washington, an effort will be made to bring the matter before the United States Supreme Court.

## ARMY OFFERS CONDEMNED OATS TO POULTRYMEN

The following letter has been received from the Zone General Supply Depot of the War Department, and will be read with interest.

Petaluma Chamber of Commerce, Petaluma, Calif.

Subject: Sale of Condemned Oats.

1. Circular proposals are being issued from this office for the sale of approximately 17 tons of condemned oats. As these oats can probably be purchased at a reasonable figure, and are suitable for chicken feed, it is thought that poultry raisers in the vicinity of Petaluma might be interested in their purchase.

2. Prospective bidders can obtain copies of circular proposals upon application at this office.

3. This office would appreciate any publicity given by your organization relative to this sale.

## PROGRESSIVE DAIRYMAN

### INSTALLS PERFECTION MILKING MACHINE

Chas. Stornetta, one of Sonoma Valley's most progressive dairymen, has just installed a Perfection Milking Machine, the high class apparatus of which the Thomas Hardware Co. of Petaluma are the agents. After looking at many machines he was convinced that the Perfection has no peer and he says it is a great success. The Stornetta dairy milks about 75 cows and the milking machine will be a great labor saver and aid in making the dairy thoroughly up-to-date.

## AREWELL FOR MRS. DeWITT MONTGOMERY

Mrs. DeWitt Montgomery, who has been the president and active worker in the Spinners Club, was the motif for a gathering Wednesday afternoon at the home of Mrs. Fred King, when her co-workers and members of the club gave her a farewell. The Montgomerys leave next week for their new home in Visalia and this affair was planned as a surprise. Mrs. Montgomery was given a gold thimble by the members of the organization. During the war the Spinners Club was most active in its efforts for the boys and from the workrooms many a garment was completed and turned into the Red Cross.

Mrs. King made it very pleasant for her guests and a dainty luncheon was served. Santa Rosa regrets that Mr. and Mrs. Montgomery will leave here but wish them happiness in their new home. —Santa Rosa Republican

## \$32.50 IS OFFERED FOR HEADSBURG GRAPES

The United American Trading Company of San Francisco wants all the grapes from Healdsburg that it can get, and is offering \$32.50 cash for the grapes delivered on the cars at nearest station.

Eugene S. Solvage and William Arnold Aldrich, representatives of the company, were in Healdsburg yesterday, and made their offers and explained their method of doing business at a gathering of growers held at the City Hall.

A good number of growers signed the contracts, and many others took the matter under advisement.

According to these representatives, the United American Trading Company will establish a basis of credit at the First National Bank in Healdsburg covering all contracts that will be made in this district. Each grower who signs a contract will be guaranteed by the bank that the money for the purchase of his crop will be ready for him upon presentation of the delivery weight receipts.

Honorable discharge from the draft board service was given Joseph F. Ryan this week together with a splendid letter of commendation for the patriotic service he rendered during the war.

## HAS INTEREST IN EMBLEM

Mrs. Susie Batchelor and son Elmer are going down to San Francisco today to see the Fleet. Mrs. Batchelor's father, John M. Batchelor, a N. Y. was a survivor of the Cumberland, sunk in 1862 by the Merrimack during the civil war. She was much interested to learn that a flag, rescued from the Cumberland is now flying in San Francisco in honor of the Fleet. James A. Riley, a G. A. R. veteran is owner of the historic flag.

Gus Seipp who recently returned from a fine outing in Southern California, went down to see the Fleet and also plans to go to Sacramento.
